

Wise D3 + K2

The average Vitamin D level in Canada is below what is considered optimal for good health

This formula promotes mental clarity, increases energy and helps in the absorption and use of calcium and phosphorus.

Vitamin D3/K2 liquid is a convenient way to supplement with both vitamin D3 and K2, which offers greater support together.

The K2 of this formulation is in the MK-7 form which is the most bioactive form of vitamin K- and supported increased soft-tissue elasticity in the heart and joints while encouraging calcium absorption for healthier bones.

The MCT oil from coconut oil increases the absorption of the D3 and K2 increasing the benefit on bone health.
